Dns specific suffix - [Solved]
2019/08/27

Hello, I use NordVPN to keep my privacy on the internet. My question is when I type in ipconfig/all in my windows 10 terminal. It shows my ip address along with my cloudflare dns 1111 and 1001. At the very top it shows connection specific DNS suffix is set to attlocal.net. What does this mean and does it affect my privacy. Thank you
